- Editing and grading sessions in our studio with industry professionals

Free consultation: Come into our studio or call us to discuss your piece. We want to see your vision come to life.

Location scouting: We'll discuss exactly where you would like to shoot your project and where we think would best serve you. If you require a very specific location, all rental fees and permits will be your responsibility.

Casting: It's up to you to find who you want for your piece. We will require their name/email/phone number. If you would like YOSTudio to cast for you we can for an additional fee.

Production: On the allocated shoot day/s you will be met on set by our production crew. Our shoots have no time limit as we want to achieve the best possible outcome and we know that can't be achieved under strict time regulations.

Editing & Post: We'll edit and master your piece with you and deliver to a strict time schedule.

Mastering Services: Colour grading, editing, audio and dialogue enhancement, scoring and colour correction. For each re-edit we charge \$50.

Delivery: We film in 4k and deliver in both 4k and standard definition. Files are sent via WeTransfer. We keep all footage for a maximum of one month. *(We can provide you with all the raw footage from the shoot at no extra cost, all you need to do is bring a hard drive to the shoot day)*

***ARRI & RED available at additional cost**

C O R P O R A T E
